

BEEKLEY CORPORATION

DATA SYSTEMS DIVISION • WEST HARTFORD, CONNECTICUT • TELEPHONE 203-233-6248

Thanks very much for your inquiry about Beekley Corporation's new Pro-tec-tab* tabulating card holder.

Pro-tec-tab is a durable, rigid transparent blue polyvinyl envelope, open on one short side, with capacity for up to four tab cards.

Simply peeling off the one-piece protective backing exposes high-tack 3M pressure-sensitive adhesive on the entire reverse side. Pro-tec-tab adheres permanently to virtually any dry surface.

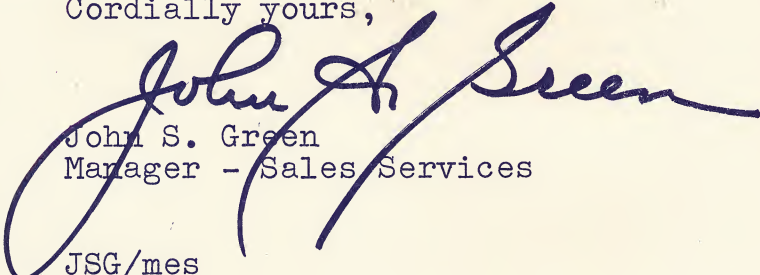

Pro-tec-tab, only 1/16" thick, hardly protrudes when attached to file folders, storage racks, tote boxes, or materials and paper handling containers.

Pro-tec-tabs cost 80¢ each in quantities of less than 1,000; 75¢ each in quantities of less than 5,000; 70¢ each in larger quantities.

We will gladly send you a sample Pro-tec-tab upon receipt (to avoid billing costs) of \$1.00 check, cash or money-order.

We look forward to serving you.

Cordially yours,

John S. Green
